Subject: 2023 Assessment Data Embargo Release data available as soon as possible. On September 13, 2023, the Department provided the Grades 3-8 English Language Arts (ELA) and mathematics (math) assessment data to districts and schools to share with parents via individual student reports and to inform instructional programming. Those data were considered preliminary because they had not yet gone through the local district review and verification period (frequently referred to as "Summer Clean Up"), which closed on September 29, 2023.

Now that the review and verification period has closed and statewide quality checks have been completed, the 2022-23 student assessment data are considered final as of October 4,

Please be reminded that the delay of publicly releasing 2022-23 assessment data is because the spring 2023 assessments were new tests measuring the new Next Generation Learning Standards. As a result, additional analyses and NYS educator input were necessary to establish the achievement standards (also known as “cut scores”) for performance on each of the tests. Next year, those additional steps will not be necessary because the established cut scores will carry forward. As a result, the Department anticipates an earlier timeline for data availability.
